

**Warwickshire Police Authority – 14 October 2009**

**Report of the Audit Committee**

**Summary**

This report seeks the Authority's approval to the 2009/10 Risk Register

**Recommendation**

That approval be given to the Authority's 2009/10 Risk Register

Members will recall that the Committee reported to the Authority's last meeting that a review of the risk register had been carried out at two workshops in June and September. As a result of these workshops, the risk register for 2009/10 has been agreed by the Committee and Stream Leads and has been circulated to all Members of the Authority under separate cover.

The Committee will continue to monitor the risks included in the Register on a regular basis and, where appropriate, seek assurances from the Member responsible for any given area of risk that it is being managed correctly.

The Authority are formally asked to approve the register.

**Bob Hicks**  
**Chair of Committee**
